## Client Testimonials

"I have absolutely no hesitation in recommending Natural Expressions Photography. I also have no hesitation in recommending Patrick to friends and family (which I have done already) and I hope to use him again for future portrait shoots. Both my husband and I are thrilled with the service Patrick provided for us, and the quality of the photos and storybook album are just outstanding"

"Excellent service and beautiful photographs - very natural shots which capture everyone at their best, exactly what we wanted with a really personal level of service. We are extremely pleased with both the photos and the album and would recommend Natural Expressions Photography to anyone."

"Patrick is a professional, warm, reliable and quality photographer who delivers the highest quality work at really competitive prices."

"Everyone at our wedding commented that they didn't even notice Patrick was there as he is so unobtrusive! The vicar said he's the best/most polite photographer he's worked with!!!!"

"Compared with other photographers that we encountered, Patrick seemed keenest to remember that it was our wedding and our day. Transparent pricing, very personable (key to being relaxed on the day, which we were) and high quality of photographs."

"Patrick from Natural Expressions Photography is absolutely fantastic - he came to our house before we booked him to discuss the service he provides and to talk about various packages. He wasn't in the slightest bit pushy and I didn't feel like he was delivering a sales pitch.

The meeting was friendly, comfortable and relaxed. After how well the visit had gone we decided to book him for our wedding.

Prior to the wedding we had a pre-wedding shoot at Clumber Park to get us used to being in front of the camera and to experience Patrick's way of working. I think this was a great part of the package and very worth while doing - we found out exactly how down to earth Patrick is, he really put us at ease and we thoroughly enjoyed the day out.

It also allowed us to see how creative Patrick is and how passionate he is about what he does. The photos from the pre-wedding shoot were shown on his website and we were amazed at how fantastic they were.

Communication from Patrick was outstanding all the way through and I felt he really took away a lot of the stress of the wedding.

On the wedding day Patrick was amazing, I forgot he was even around during the ceremony, all the guests commented on how great he was and I really don't think the day would have been as special as it was without him.

The liaison with him after the day for album preparations was fantastic and when he emailed through a draft of what the album design looked like we were stunned, he had captured every minute of the day. When the album came we were both thrilled, it has been made to such a high quality and each page really does tell a story. I would recommend Patrick to anyone getting married and I am so pleased we chose him. I really can't thank Patrick enough for everything."

A close-up photograph showing a person's hands, one with a ring, pulling the top of a white shopping bag. The bag has a large, vertical, teardrop-shaped cutout in the center. The brand name 'JIMMY CHOO' is printed in a serif font, with 'LONDON' in a smaller font below it. The background is a soft pink wall, and a portion of a maroon garment is visible on the right.

JIMMY CHOO  
LONDON

**"Patrick at Natural Expressions Photography was outstanding throughout. From the website where quality is evident, to the packages which are varied and innovative to the fun and friendly pre-wedding shoot, phenomenal dedication on the day and outstanding post wedding service, Patrick was excellent."**

**"We chose Patrick because, unlike other photographers we met, he genuinely listened to what we wanted in terms of the style of photography and the feel on the day. It was really important to us that neither we nor our guests had the feeling of 'waiting around' on the day for photos, and Patrick really took this to heart and captured our day, as it went without anyone feeling they were stopping to pose for photos or having to wait around. He managed this really well in spite of rain which made it even harder."**

**"I was very nervous about having my photograph taken especially on such a big day, we both had a pre wedding shoot which I have to say was the best experience it put me totally at ease and ready for the big day."**

**My wedding day really was the best day of my life, my photo album reflects this and as I look through it, it brings back all the emotions of that day."**

**My photos are amazing from the start of the day until the end. I cannot put properly into words how fantastic Patrick was. Patrick takes his time to get to know his clients and makes them feel like they are the only people in the world."**

**I cannot speak highly enough."**

"My view of Natural Expressions Photography is summed up by the fact that I wouldn't hesitate to recommend them to others.

The service experienced from initial contact to receiving our wedding book has been exceptional.

Patrick is very easy to get on with and understood our requirements perfectly. We arranged a pre-wedding shoot as part of our package and Patrick travelled to our home in Surrey to undertake this shoot and to hold an initial meeting with us.

On the wedding day Patrick was the consummate professional being unobtrusive throughout, but still getting all the shots we required.

Importantly for us Patrick really followed our wishes in respect of photography which really helped our enjoyment of the day.

Patrick stayed longer into the evening than he might have done in order to get some shots of the evening guests and this reflected his general attitude throughout the event of going above and beyond.

Having confidence in the various suppliers on a wedding day is paramount for the bride and groom's enjoyment of the day and Patrick exceeded our expectations in every regard. Finally we are also delighted with the quality of the photographs produced for us and in the very high quality of our wedding storybook, which must have taken a considerable amount of time to edit and put together.

I highly recommend Natural Expressions Photography."

"Patrick is a fantastic photographer and a really lovely person to work with. He was very professional and also easy going which made things a lot more comfortable for us at our wedding because it was a small intimate wedding of around 22 guests.

We had Patrick join us for our sit down meal - I included him as one of the guests and he was a pleasure to have at our wedding.

He was able to get so many beautiful and natural shots of everyone which was exactly what we wanted.

Patrick went above and beyond for us.

The standard of photography is amazing and I'm so pleased with the outcome of our wedding album.

We have also had a family photo shoot with Natural Expressions Photography and I will never choose another photographer now we have met Patrick.

He puts his heart and soul into his work and makes sure he goes out his way to help his clients so that they get what they want."

**"We found Patrick of Natural Expressions Photography to be a very professional and wonderful photographer. We were overjoyed with our final storybook and have recommended him to everyone for any of their photography needs. His standard of work is fantastic and we have enjoyed some photo shoots since our wedding last year, which have been equally as fantastic."**

"When planning our wedding we researched photographers from friends and family. We thought their photos were OK but nothing amazing.

Our vicar recommended Natural Expressions Photography and from the first look at the website we loved the look of the photos Patrick had taken.

Before the wedding and on the day he was great. Our guests all commented on the fact they did not have to wait around for ages posing.

We were absolutely over the moon when we got the photos from Patrick and everyone we showed them too also loved them. I couldn't recommend him more."

**"Patrick was a true professional throughout the whole process, he was a pleasure to deal with and we would definitely recommend him to others. His after sales is just as great and we are still in contact now. A great service all round and we are thrilled with the photographs."**

"I wish I had to time to spend on this to show you just how amazing I thought his service and product was. My photos just made me cry ( in a good way! ) He inspired me so much I have even taken up photography. A craftsman - I just cannot explain just how fab I thought he was."

"Patrick is an attentive and warm photographer who made us feel confident and comfortable about our big day. This was incredibly important, as neither me or my husband are particularly comfortable in front of the camera, but he made us feel extremely relaxed which was reflected in the photos.

Patrick was always there to reassure us and was always available to answer questions and followed up efficiently and effectively on requests and calls.

He also offered suggestions and examples of different style albums and really listened and acted on what we wanted rather than trying to sell what he wanted us to buy- which was often the problem with anything wedding related.

Patrick was incredibly flexible prior to the wedding in relation to a pre-wedding shoot, as well on the day, when he went between various locations between bride and groom to ensure he captured the whole day from both our perspectives- which was wonderful.

The quality and innovative design of the album was better than I had envisaged- and I really am not very easily pleased.

Patrick surpassed my expectations on all fronts. I also wanted to mention that my guests even noted how professional and discreet he was and I received endless compliments on the photos. I understand that he has already had two further bookings from my impressed guests and I have happily recommended him to anyone who mentions weddings! All I can say is THANK YOU Patrick!"

"I have nothing but praise for Natural Expressions Photography. Patrick has been fantastic from the moment I picked up the phone to have a chat with him. He didn't mind travelling to our venue (at no extra cost) and staying over. He went to the venue the day before to check it out and decide on key shots.

I absolutely love the photographs - there were so many things I didn't see myself but I can see the story behind them.

Patrick is not only a fantastic photographer but he is a lovely man who it has been an absolute pleasure to have met. Your wedding is one of the most important days in your life, it is essential that the photographer is likable and does not take centre stage!

I will be recommending him and I know many of my friends and family were impressed with him and the day.

The photographs were ready when we got back from honeymoon and they are utterly beautiful. He has captured the emotions and actions of the day, telling the story with skill and elegance."

"I would like to firstly say that I may not fully be able to put into words the outstanding service that Natural Expressions Photography provided on our wedding day.

Natural Expressions Photography were recommended to us and from our first initial meeting Patrick was great. He was informative and helpful and never pushy.

On our wedding day Patrick was outstanding and captured all the images and moments that are so special to us.

Following our wedding he provided an exceptionally quick service where our photos were online within a week and following this our albums were produced well within time for Christmas presents.

The quality of the photos and album are exceptional and we were both absolutely delighted with them. Our wedding photographs continue to be the talk of our family and friends across the UK and abroad (Ireland and South Africa).

Our friends and family continue to talk about how wonderful and professional Patrick was on the day in addition to how spectacular the photos are.

I am unable to recommend Natural Expressions more highly and continue to use their services as we have recently had a baby and have now booked for our first child's photos to be taken.

Patrick provided us with an outstanding service tailored to our needs and has provided us with lifelong memories of our special day."

"We found and contacted Patrick at Natural Expressions Photography via the internet as the original photographer we had booked was taken ill. He replied promptly.

Patrick visited us at home within a week of contact and spent a couple of hours with us where we carried out a pre wedding shoot. We got on instantly, he has a lovely, friendly demeanour, he is flexible and put us at our ease straight away.

He was really good with our little boy and managed to capture him whilst playing and get his true character in the pictures. We are chuffed to pieces with the results, of which we have on disc.

He got to know us and our style and we feel all of this is captured in the album. We chose a storybook style album with full page pictures, we left Patrick to the layout and organisation and were thoroughly pleased with the results.

Better than we could have ever hoped. We have used Patrick since for our parents 40th wedding anniversary gift. He carried out another photo shoot and produced a stunning coffee book style album.

We would not hesitate in recommending him to friends and family and we will be using him again."

**"We loved his website, the ease of booking him, his advice to us regarding how many photos of specific people we would need, the quality of the end result and the fact it was so clear and with no hidden charges (something that is unusual in this day and age!). Patrick was also very accommodating to meet us as we are based in London"**

"The pre-planning by Patrick was excellent so that we knew just what to expect and what we would get on the day.

Patrick spent time with us the day before which gave a relaxed approach to the event. On the day Patrick was relaxed, unobtrusive and very friendly so that all the guests were relaxed about the photography too.

The results were great, just what we had anticipated.

The whole photo set was excellent, not the usual photos that you often see, but creative and very natural, so the that the event and atmosphere were perfectly captured.

The photos were all that we expected and we have already recommended Patrick to other couples."

**"We were exceptionally happy with the resulting photos and books. The quality was really high. Patrick was a pleasure to deal with and the pre wedding shoot really put us at our ease.**

**We still think our wedding photos are the best we've ever seen!"**

**"My Sister was given a family portrait shoot as a birthday gift.**

**Patrick shot their photographs in beautiful part of Lincoln on a busy day. He managed to make them all feel comfortable in even though it was public area.**

**If he managed to make my sister feel comfortable I was sure he had to me the man for me!**

**The photographs he took were stunning. When I booked him, he sent my sister a photo and chocolates to say thank you.**

**He didn't mind travelling to Buckingham even though it meant an overnight stay. He loved the venue and his enthusiasm made it all the more special."**

**"We booked Natural Expressions Photography as they had photographed a very close friends wedding and we were so impressed with him on the day and with the album afterwards."**

**"From the moment we met Patrick we were both struck by his professionalism, enthusiasm and the recommendations with regards to our special day, in addition to this from viewing the sample albums that he showed we were completely amazed and taken by his style and quality of photography that he provided."**

**"Patrick put us at ease at the initial meeting, was never pushy and was very down to earth and personable."**

**"Patrick's style is exactly what we wanted, a real picture of the day as it was - people smiling and enjoying themselves without knowing they were caught on camera - a true reflection of the day! I love that Patrick captured all the little things too, things that only we will notice but made part of our day!"**

**"Patrick listened to what we wanted which so many other photographers we saw failed to do"**

**"Absolutely fantastic photographer. No hanging around during the group shots. Photos are very artistically arranged.**

**Inconspicuous on our wedding day, but yet still managed to tell the story of our WHOLE day through the photos.**

**Very much focused on the more natural shots rather than staged photos, which are obviously more personal to us. He didn't force us to leave our guests for a long time so we could have photos as a couple - it was very much up to us.**

**Patrick travelled a 50 mile round trip in the morning to get photos of myself getting ready for the wedding for no extra charge. He then stayed all day.**

**Our guests can download and print as many photos as they want for free.**

**Patrick sent the photos to us within two weeks of the wedding, which was great.**

**All our guests have commented on how fantastic the photos are."**

"Patrick from Natural Expressions Photography was a dream wedding photographer.

He is charming and helpful, full of great advice as a professional, and always listened to deliver what we wanted.

We'd had a pre-wedding shoot, so we felt very comfortable with him during our 'couple' photos in the venue gardens, and it shows in the photographs.

He made everyone laugh on the day during the formal shoots, and my new mother-in-law thought he was the most wonderful man (she still is talking about him!). He even won over some cousins of my husband who are wedding photographers themselves and were set to be very critical of any missteps.

Patrick worked incredibly hard and got some truly stunning shots, and if you could only see all the comments I got on Facebook about how gorgeous my photos are - people I haven't spoken to in a decade got in touch to admire the photos!

We couldn't be more thrilled with his work, and I'm ashamed to admit I am secretly pleased that my photos are much nicer than any others I've seen. Oh. I should also mention that he got us back our photos in two weeks."

"From the moment we first met Patrick there was a good two-way conversation about the style of photography that we wanted at the wedding.

On the day, he arrived early to catch the mood of both bride and groom in the build up to the service which created some memorable shots before getting the shots of the church service and the reception at Lincoln Castle.

He ensured that he got all the photographs as agreed as well as a huge number of beautiful mood and atmospheric shots.

Patrick stayed on at the reception long after we had agreed he would stay until, and as a result we were left with a beautiful catalogue of the whole celebration.

We were absolutely delighted with Patrick. He was personable, creative, immediately grasped exactly what we were looking for, and we felt he went above and beyond at all stages.

We were delighted with all the photos but especially the final album and couldn't have been happier with our choice of Natural Expressions Photography for this crucial and sensitive part of the day."

A heart-shaped chalkboard with a white border hangs from a light-colored string. The chalkboard is black and has the words "THANK You!" written in white chalk. Below the text is a small white 'x' mark. The background is a warm, textured surface, possibly wood or stone, with a soft, out-of-focus light.

THANK  
You!
